BE A CONNECTOR FOR TRANSFER STUDENT SUCCESS

Virtual • February 1-3 | Portland, OR • February 22-24

The following presentation was given at the 21st Annual Conference for the National Institute for the Study of Transfer Students. Please cite responsibly and direct questions to the original presenter(s).

Educational Session

2800 - Introducing a Statewide Student-Centered Transfer Portal

Credits and Degree Pathways, Partnerships and Collaboration

The Transfer Portal offers a repository of statewide academic and transfer related data and content in a user-friendly design. High school counselors and college advisors can introduce students to myriad transfer options and assist students by guiding them through transfer questions and discovery in the portal. With a light advising touch, the portal encourages, enables, and empowers students to research and make their own transfer decisions using a site with over 60 colleges presenting information in a single standardized format.

Virginia's Colleges
and Universities

Virginia's higher education options are as diverse as its landscape. Students can earn a certificate or associate degree through one of the state's two-year institutions or regional education centers, which can lead to a bachelor's degree at one of the many Virginia four-year public or private institutions. The Commonwealth's schools offer career pathways, highly ranked undergraduate programs, competitive tuition and financial aid programs. The campuses are beautiful, and range from metropolitan-based settings to classic college environments nestled in the mountains or along the shoreline and everywhere in between. Use the links below to start exploring!

**TRANSFER
VIRGINIA:
BACKGROUND**

2018 Transfer Legislation

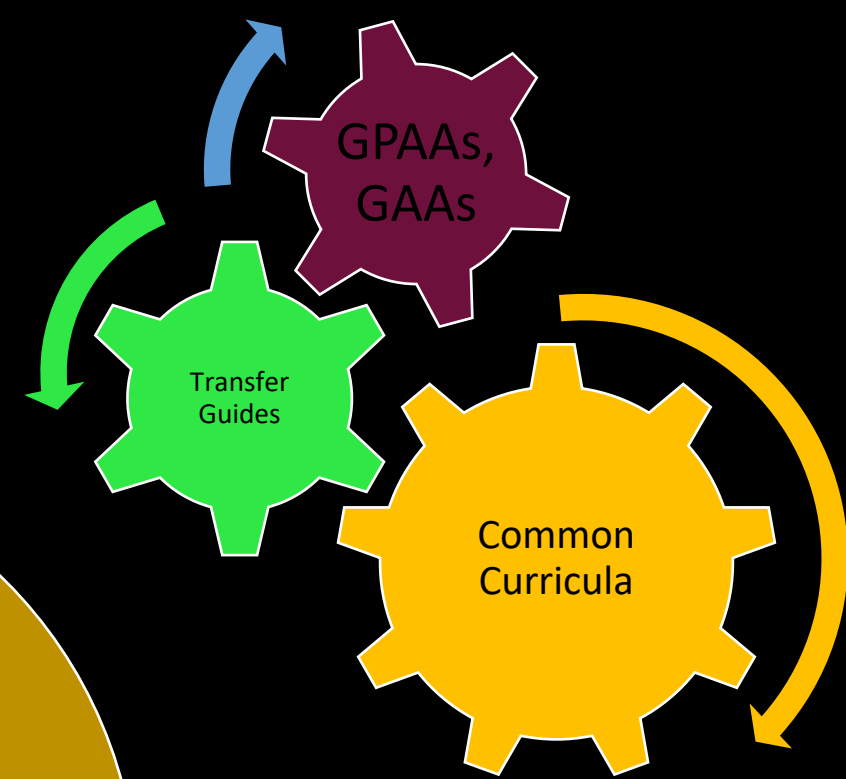

- New transfer policies
- Statewide transfer portal
- Common course learning outcomes

Collaboration among SCHEV, VCCS, Richard Bland College, fourteen public four-year institutions, many private four-year institutions, and the Aspen Institute College Excellence Program

TRANSFER VIRGINIA GOALS

- **Gateway barriers:** Increase the number of students successfully completing math and English in the first year of community college enrollment.
- **Mobility and timeliness:** Improve time to transfer without reducing the number of students who complete an associate degree before transfer.
- **Degree attainment:** Increase the two- and three-year baccalaureate completion rate for transfer students.
- **Credit efficiency:** Reduce the average number of degree credits earned by transfer students to be comparable to those earned by native students in the same program.

Course development & alignment

Transfer Virginia New Release

This has several new features. Two features we highlight are:

- The ability to upload your VCS or Richard Bland College transcript to build your portfolio. Instructions for downloading a portal compatible transcript for these institutions are available on the Upload Transcript page.
- You can now add industry credentials, such as Microsoft certifications, to your portfolio and check their college course equivalency.

39 colleges and universities from around Virginia are available fully in the portal today. Learn about 21 more colleges and universities through Future Transfer Partners.

What is Transfer Virginia?

Virginia is home to over 60 colleges and universities providing you a diverse selection of size, location, and degree offerings. Transfer Virginia is an initiative to provide transparency and access throughout the college transfer process. Through the Transfer Virginia portal, we strive to provide you consistent and current information from all partner institutions. You can research, plan and organize your transfer journey using the information and resources available within this portal from Virginia's institutions. The information in this portal is updated twice a year.

YOU DON'T HAVE A STATEWIDE PORTAL. HOW IS THIS SESSION RELEVANT TO YOU?

- “Light touch” advising
- Transfer Guide guidance
- Faculty and advising partnerships
- Opening up possibilities for students
- Portal tool could be used at single institution or consortium, not just state level

HIGHLIGHTS OF PORTAL
