### **Reimagining Inter-Institutional Faculty Engagement in Transfer**

*Partnerships and Collaboration*

What happens when over 1,000 faculty members from across a state come together to work on transfer? That is the story of articulation and transfer in Ohio, and this session will examine how faculty are driving state transfer initiatives. We will discuss the challenges of engaging faculty and the synergies that can arise through inter-institutional faculty buy-in. Session participants will have the opportunity to reimagine their own strategies for faculty engagement in transfer.
