Think Globally, Act Locally: The Transfer Experience is a Community Issue with a Larger Impact

Curricular Alignment or Degree Pathways, Matriculation Trends and Issues

Addressing credit loss and practicing transfer transparency is an economic and societal imperative. Building, maintaining, and publicizing equivalency data has never been easier with TES® + Transferology®. Only CollegeSource® solutions are backed by a database of more than 120 million course descriptions and 145,000 catalogs. See why millions of students are using the nation-wide student network Transferology, and why institutions who have TES, the Transfer Evaluation System, say they can't live without it.

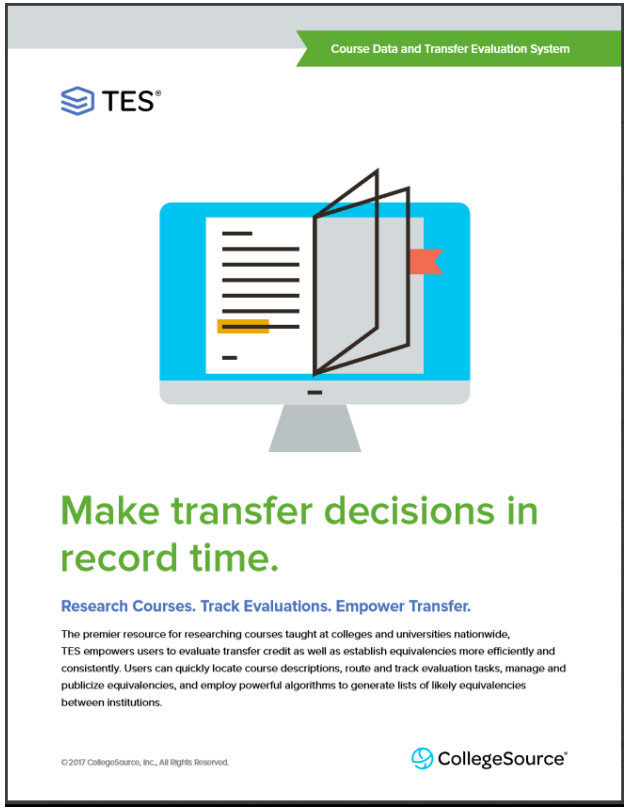
TES®: THE TRANSFER EVALUATION SYSTEM

TES, the Transfer Evaluation System from CollegeSource, is the premier interactive resource for course data from institutions of higher education. TES empowers users to quickly locate course descriptions; route and track the evaluation process; store, manage, group, and publicize the resulting equivalencies; and employ powerful algorithms to generate lists of likely equivalencies between institutions.

TES®: THE TRANSFER EVALUATION SYSTEM

Research Courses, Track Evaluations, Empower Transfer

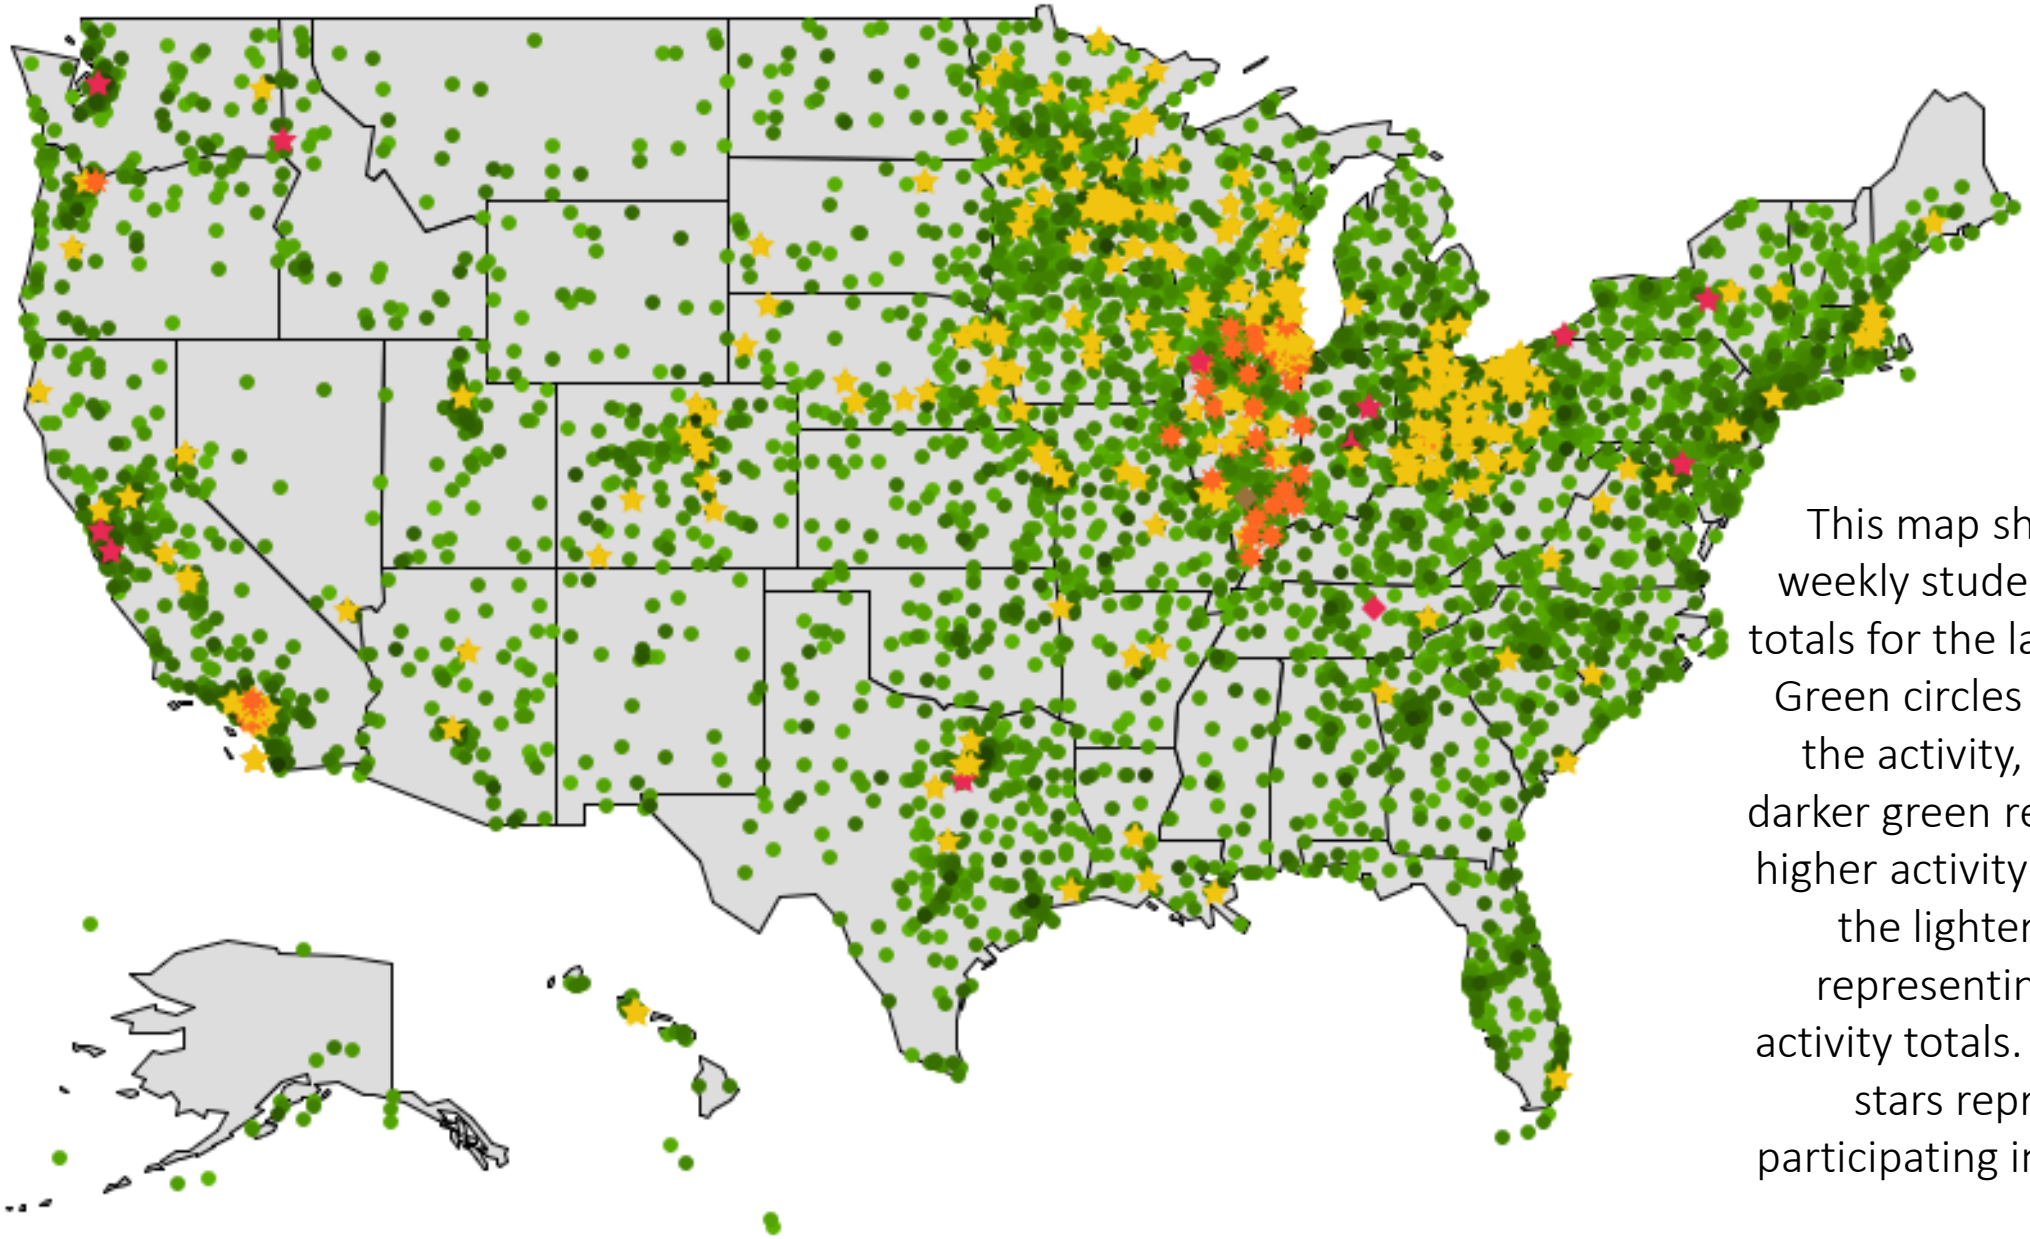
- ✓Millions of course descriptions
- ✓Complete catalogs
- ✓Research institutions & courses
- ✓Customized reports
- ✓Accessed remotely
- ✓Store/Maintain Equivalencies
- ✓Evaluation Workflow



Transferology®

Transferology is national network that provides institutions of higher education with a simple way to **promote transfer** and **recruit more students**. With the push of a button, students can see a list of possible schools that will accept their previously taken courses, standardized tests, and military training. Is your institution looking for a better way to capture these students? Since its launch, over 1,000,000 potential transfer students from around the world have looked to Transferology to help them find out where their college credit will count.

STUDENT USAGE MAP: FEBRUARY 2019 - JANUARY 2020



This map shows the weekly student activity totals for the last full year. Green circles represent the activity, with the darker green representing higher activity totals, and the lighter green representing lower activity totals. The yellow stars represent participating institutions.
